

Weekly News

It's been another incredibly busy week in school with too much to fit on one page of a newsletter! Our focus in school this week has been anti-bullying week. We started the week with Odd Socks Day and in Collective Worship talked about the importance of celebrating our differences and the qualities that make us unique. Today, the children have enjoyed coming to school in non-uniform to support Children in Need. Thank you for your kind donations to this worthwhile cause. We will share the total raised in next week's newsletter once all of the donations have been counted.

World of Work

Last week, the children in year 6 took part in their first Business Skills Day as part of their learning about The World of Work. The day was attended by six different business leaders who focussed in on the key themes of 'Communication' and 'Teamwork'. The whole morning was brilliant. Through practical examples, the children learnt how the businesses incorporate Teamwork and Communication to ensure their business run smoothly. It was amazing how closely linked and well informed all the different roles within a business have to be to achieve the best productivity.

Remembrance Day

On Friday 10th November, we attended church for our annual remembrance service. This was led by Rev. Julie Donn. During the service, we reflected on the sacrifices of some of the local servicemen and women during the World Wars. We also visited the graves of some of the soldiers with the children showing a keen interest in this local history. The children were incredibly respectful throughout the service.

Online Safety Workshop

Does your child spend time exploring online? The internet is a great place for children to learn, create, chat with friends and family, access information or support and explore fun apps, sites and games. But exploring comes with risks, so it's vital we know how to keep them safe online.

That's why we'd like to invite you to join our **FREE** workshop: 'Keeping children safe online'.

Our workshop will:

- Help you understand how kids experience the online world
- Show you resources and tools that could help keep them safe
- Empower you to guide them on their journey

This will be delivered by Gail Sayles from the NSPCC on **29th November 2023 at 2:45pm**, this will last for approximately one hour in school.

Please come and join us for this session and find out things you can do to keep your child/children safe online.

Family Golf Event

Thank you to all of you who joined us for our golf event. The children absolutely loved the sessions: learning new skills and having fun. We are intending to rebook this event again in the Summer term.
