Weekly News

This week our attention has been focused on the events of Holy Week. We have reminded ourselves of the events that took place on Maundy Thursday, Good Friday and Easter Sunday. Easter is one of the most important holidays in the Christian calendar commemorating the Resurrection of Jesus Christ, who Christians believe was sent to Earth to offer salvation from sin. Our term has ended with our Easter service at St Andrew's Church. We wish all our families, a restful and enjoyable Easter break. School reopens for the Summer term on Tuesday 16th April 2024.

Nursery Places -September 2024

We are now accepting applications for nursery places for September 2024. We have a happy and friendly nursery environment in which children can learn and play. We offer both 15 hour and 30 hour free childcare places and all children who attend nursery in a morning are also invited to attend our free breakfast club before school. If your child turns 3 before 31st August 2024 please contact the school office to arrange a visit and meet the staff. Nursery application forms are also available from the school office.

New Sports kit

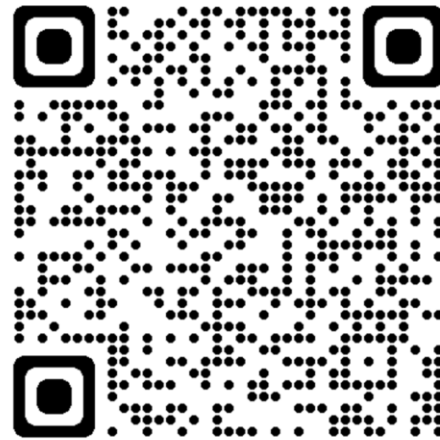

Last week, we were so excited to receive our new Sports kit. This has been fully sponsored by a Grimsby based Company: Worley. We are very thankful to Worley for providing us with a new kit to wear for sports fixtures.

Supporting your child at home

We are regularly asked by parents how you can support your child with their learning at home. Each term we publish homework on the Class Pages of our website and we ask you to read several times a week at home. Another way of supporting your child with their maths learning is to help them learn their times tables. Being able to quickly recall times table facts is paramount to learning in so many areas of maths. Children start to learn their times tables in year 2 and it is a government expectation that they are secure in these upto 12 x 12 by the end of Year 4. All children have access to TTTR rockstars but the following website is also another good way to practise these regularly.

Forest School Session

This week our Forest School group used natural resources to make their own Easter gardens. Some children chose to make a garden depicting the crucifixion and others chose to show the empty tomb following Jesus's resurrection. These are now on display at St Andrew's Church.
